

*6th Doctoral Workshop on
Mathematical and Engineering
Methods in Computer Science*

Topics

*software and hardware dependability
computer security
parallel and distributed computing
formal analysis and verification
simulation
testing & diagnostics*

*GRID computing
computer networks
modern hardware and its design
non-traditional computing architectures
quantum computing
and all related areas of theoretical
computer science*

Important Dates

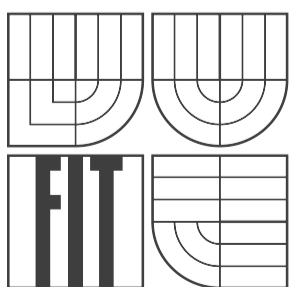

*September 1 • short abstract submission
September 8 • presentation abstract &
full paper submission
September 22 • author notification
September 30 • camera-ready papers
October 1 • early registration*

Organized by

*Faculty of Informatics
Masaryk University, Brno
Faculty of Information Technology
Brno University of Technology*

MEMICS

**October
22–24
2010**
**Galant Hotel
Mikulov • Czechia**
